

**PAYING DAMAGES WHOLESALE**  
The Long Island Railroad Insuring Itself Against Accidents.

The Brooklyn Eagle printed the following yesterday regarding the Long Island Railroad Company:

"During 1889 no less than 113 persons were killed or maimed by this company. For injuries to persons the road was compelled to pay that year \$39,679.94. Other legal expenses took \$29,865.25. The situation was not pleasant. Employees were urged to be more cautious, and as far as possible avoid the accidents that were becoming so costly. Apparently the warning was given with good effect, for the year following, 1890, there was a marked decrease in the number of killed and wounded. More passengers, it is true, were wiped out of existence, but fewer employees were injured, and only a third as many people were run down upon the tracks."

"But the satisfaction of the railroad authorities was of short duration. While the number of people killed and injured was reduced from 43 to 30 and 17, the damage awarded to these victims and their friends increased from \$39,679.94 to \$69,880.07. Legal expenses showed a slight increase."

"May 28, 1891, there was admitted to business in the State the American Casualty Insurance and Security Company of Baltimore. This corporation, according to its statement of incorporation, intended to insure 'the lives and health of men, women, and children, and to underwrite connected therewith or operated therefrom, against explosion and accident and against loss or damage to life or property resulting therefrom, and to make inspections and issue certificates of inspection upon steam-boilers, machinery, and other machinery, and the agents of the company.'

## BADECZEMA ON LIMB

From Knee to Foot a Mass of Running Sores, Cured by Cuticura Remedies. Total Cost \$1.75.

I have been afflicted with a sore limb, which the doctors called eczema. My limb from the knee to the foot was one mass of running sores. The doctors bandaged it every day for months, but the sores would not stop. I moved a large scab, would come off, and the blood pour down. I got one bottle of CUTICURA RESOLVER, and took a bath in it, and they cured me. I told a lady who was similarly afflicted to use it, and it cured her also. I reluctantly acknowledge that it was CUTICURA.

### Inherited Scrofula

My nose was of a most pronounced crimson hue, the result of inherited scrofula. I had no remedy to stock a drug store without deriving the slightest benefit. I tried the TICUCA REMEDY, and the nose turned white, and the skin became smooth and all right now, and I find no eruptions enough to bewail upon what I believe to be the greatest and greatest gifts given by God to man—gracious thanks of one who has suffered.
